Feed The World

In 1984 after a decade of drought and civil war Ethiopia starved. The United States and Europe began to give aid millions of refugees, but for one million, it was too late.

Another form of relief for the hungry came from money raised by a pop album. Most all of the top pop stars of England such as members of Duran Duran, U2, Culture Club, David Bowie, Paul McCartney and many others helped raise money producing a couple of songs about the tragedy in Africa. All the proceeds went directly to Ethiopia. It's good to know that these stars are not too big to care about the world's tragedies.

Disaster In India

In Bhopal, India, a fatal gas leak from the nearby Union Carbide plant killed some 2,500 people in their sleep. Hundreds of victims were blinded or were seriously injured by the accident which gave no warning to its victims. A major highway street which would soon spread to disease. Union Carbide, an American company, is being sued for damages.

National

Washington, D.C. (AP) — The CIA has agreed to a new set of arms control talks with the Soviets at the Reagan administration's request. The agreement, which was announced by the CIA's director, William J. Casey, on Tuesday, would allow the agency to discuss the possibility of a new set of arms control talks with the Soviets. The agreement would also allow the CIA to discuss the possibility of a new set of arms control talks with the Soviets.

An embarrassing situation arose for the United States when it was divulged that the CIA had been the origin of "strategic" nuclear weapons. The agency was accused of having been involved in the development of nuclear weapons. The CIA's director, William J. Casey, was accused of having been involved in the development of nuclear weapons.

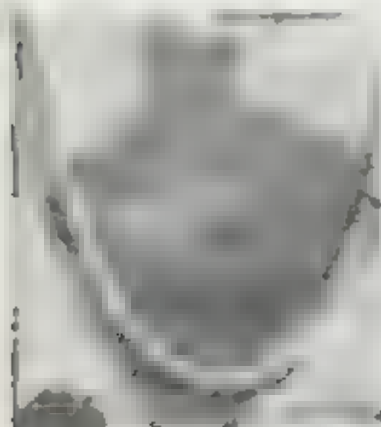

Medical Miracles

William Schroeder became the world's first person to receive a permanent artificial heart. The operation was so successful that thirty-six hours after the operation, he boldly said, "I'd like a beer."

In Los Angeles, Calif., a child known only as Baby P., was conceived naturally in the normal way but with a fatal cardiac defect. After twelve days of life on her own defective heart, she received a transplant from the heart of a seven-month female baboon. She survived twenty more days but died from a kidney failure.

Obituaries

LAST OF THE FOUR STARS Last star general Mark Clark died at the age of 87. Clark was a World War Two veteran who with his Fifth Army was responsible for the capture of Rome.

LOSS OF AN INVENTOR Dr. John Huch died at the age of 94. Dr. Huch was a pioneer in the field of artificial intelligence. His major contribution was "If we don't solve the problem, the problem will solve itself."

LOSS OF AN ATHLETE He is a man trophy winner Kirby Pelt died at an early age due to a blood clot. Pelt was a professional prize runner who had helped them win the Rome Bow. He was a professional prize runner who had helped them win the Rome Bow.

LOSS OF A STAR Actor Richard Horne died at the age of 51. A quote by the actor describing himself says it all: "I rather like my reputation as a spoiled genius from the Welsh gutter."

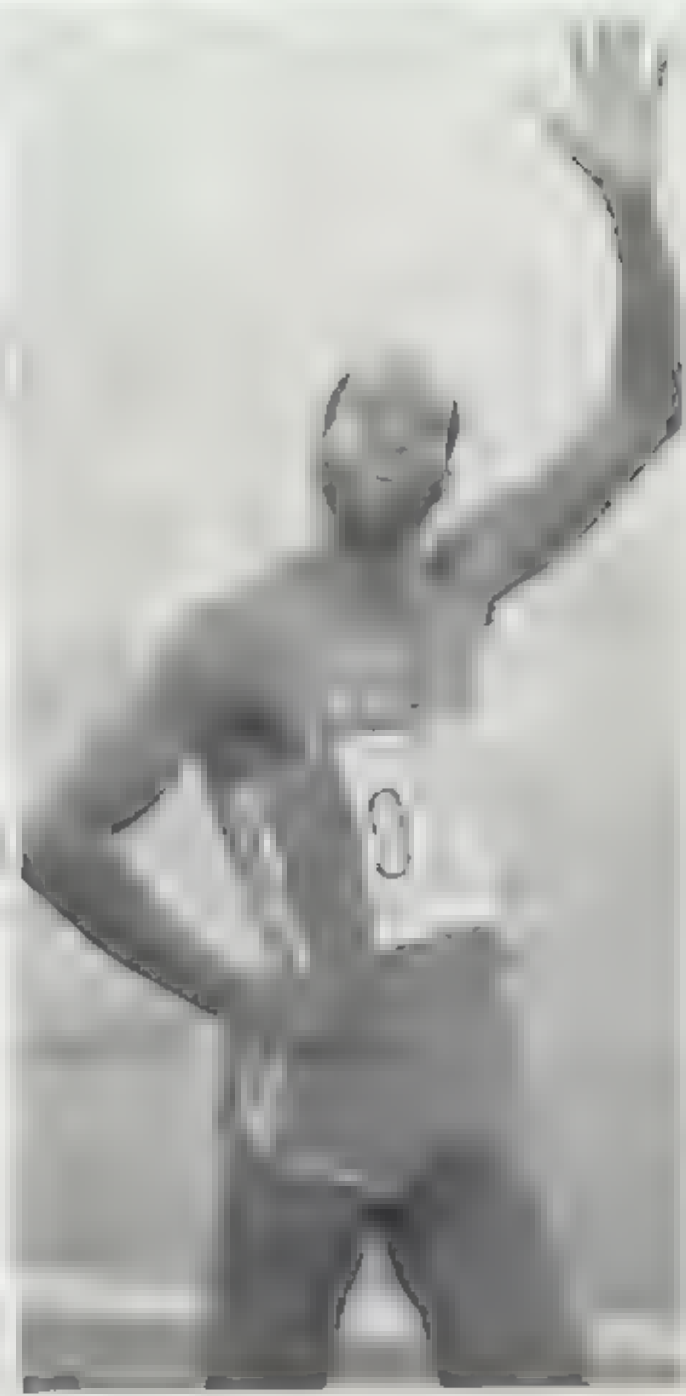

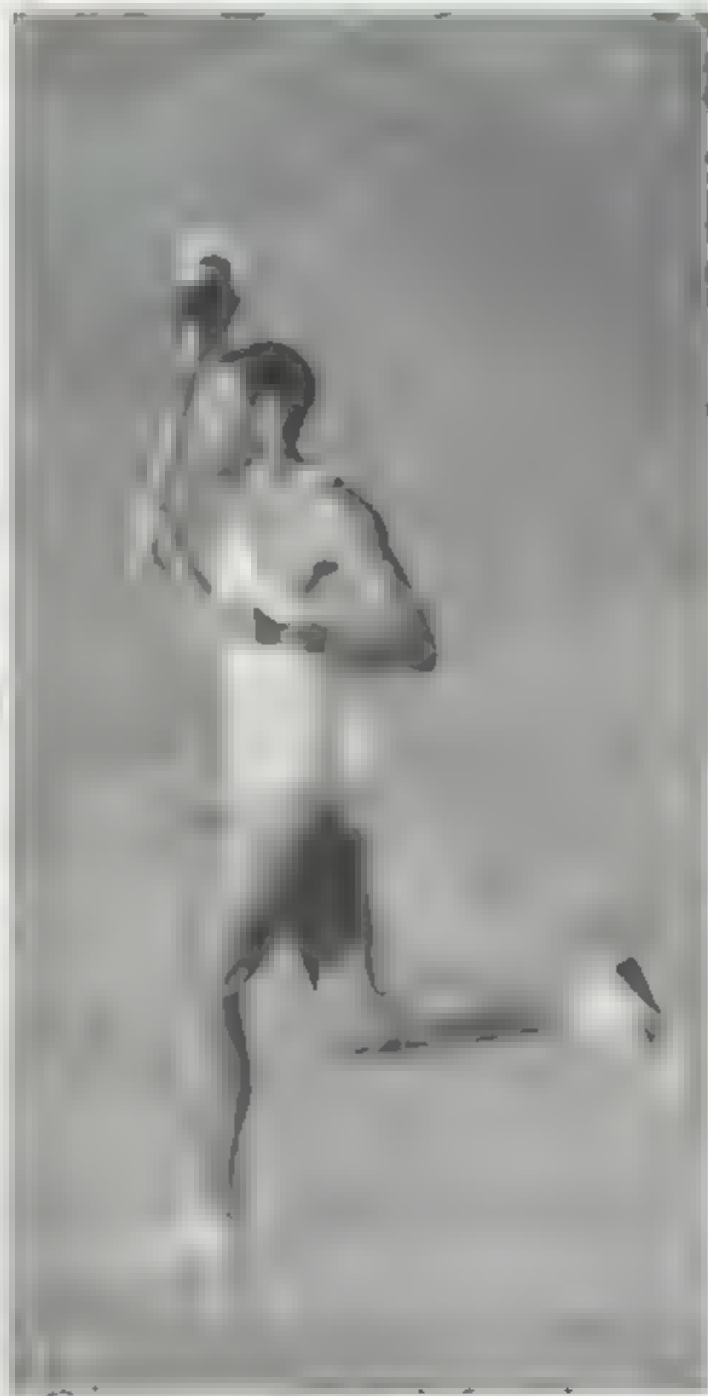

TOP SOVIET DEAD Defense Minister Dmitry Ustinov of the Soviet Union died at the age of 71. Ustinov was the first civilian to head the Soviet military since Leonid Brezhnev. He was a military engineer who never commanded soldiers on the battlefield. He gained his status in the Kremlin by his philosophy, "You wage and win a war if you are smart." He was in charge of making certain that Soviet arsenals were never empty. In doing so, his five decade occupation made it possible for his country to surpass the United States in arms production. Ustinov died of a cardiac arrest.

LOSS OF A WRITER Writer Truman Capote died at the age of 59. The best description of the writer is best portrayed in his self-analysis, "I'm an alcoholic. I'm a drug addict. I'm a homosexual. I'm a genius."

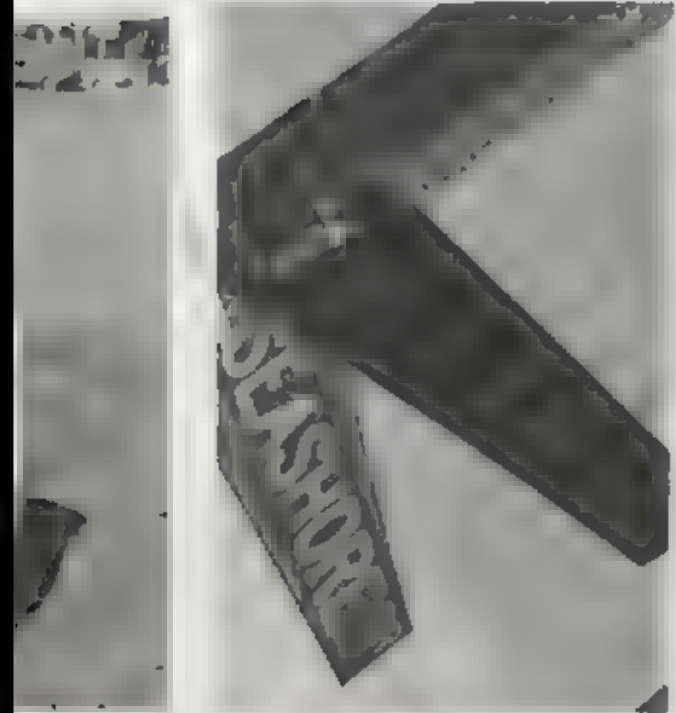

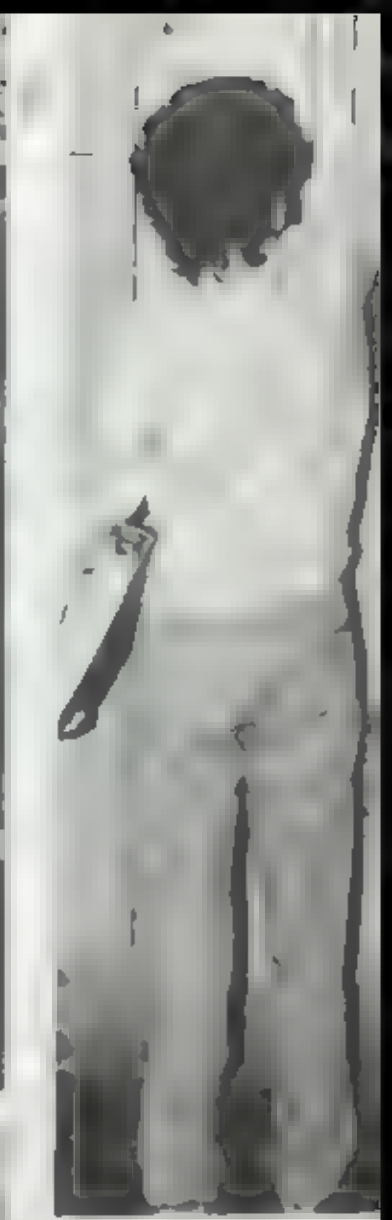

TRAGEDY IN INDIA Prime minister Indira Gandhi, age 65, was assassinated by two Sikh members of her personal security. She was cremated in the capital New Delhi. Thousands wept as her publicly displayed cremation took place.

Student Life

Located in beautiful Newport Beach, California, 41st Street is the Estancia High School hangout during the hot days of summer. Scamming, surfing, swimming, sunning, and smashball take place along the sandy seashore. Why 41st Street? Because you will always see something you know and the atmosphere is fun! 41st Street will always be remembered as the "hot spot" in the summer!

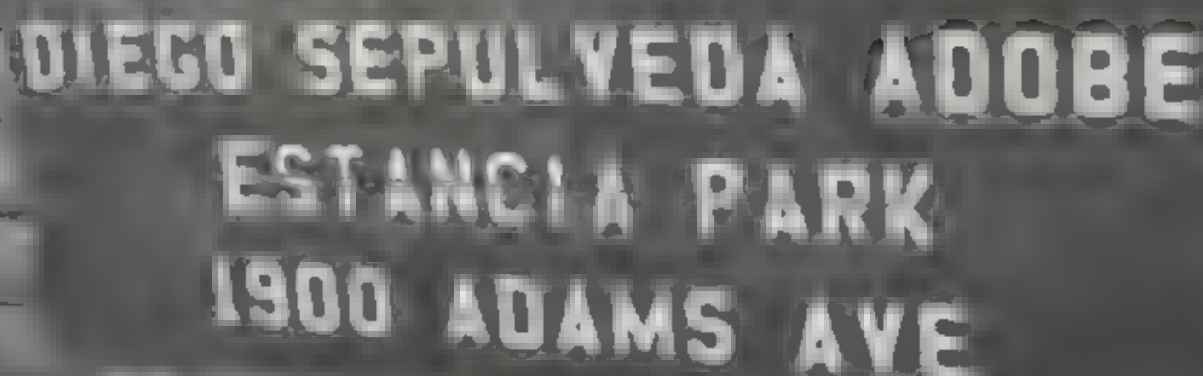

Swatch watch has become very popular in the past year. These Swatch brand watches can be found in an assortment of colors; red, blue, yellow, black, and white. Swatches are made of a plastic inexpensive material that is durable. Swatches are sold at many stores around the world and are the latest thing to hit the market!

Guess jeans, made in Paris, France are the latest and best fitting pair of jeans of the year. Guess is a brand that makes other clothes along with the popular jeans. Guess has a whole line of clothes for guys and girls. Because they are manufactured in Paris, they are more expensive than the average pair of jeans, but it's up to you to say if they're worth it or not!

Here at Estancia High School there are many students who are attending school as well as holding a job for extra money. This takes up much of their time, but the money earned is always put to good use! (at least most of the time) Many of us work at gas stations, restaurants, clothes stores, and pharmacies. That extra spending money is always needed!

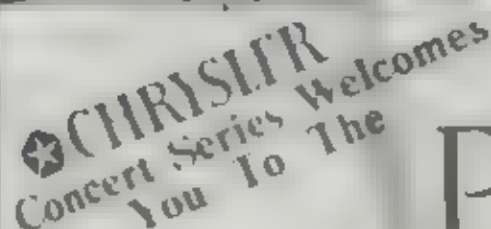

DIEGO SEPULVEDA ADOBE
ESTANCIA PARK
1900 ADAMS AVE

The Diego Sepulveda Adobe

This historical building on the corner of Adams and Mesa Verde represents the Spanish movement in California. Built many years ago, it is one of the few historical buildings left in California. It will always be a place to go to relax and kickback, like many Estancia students do!

 AMPHITHEATRE

DOODGE - SUE - IMPORTS

The Pacific Amphitheater

The Pacific Amphitheater located on Fairview Blvd, in lovely Costa Mesa, opened with its premier season in July 1983. It is the hottest place to go to see your favorite group in concert! A few groups who have played so far are The Cars, X, Lionel Richie, The Plimsouls, The Scorpions, that is just to name a few. This is an excellent place to go and rock out!

Well here I am with this artificial look on my face. Hey don't laugh at the jacket, it's Frank's. Ha. Now look at the guy over here. Hate his face. Tell him off my page. Now I'm done, so look at my picture again. You've got nothing better to do. Ha. Bye-bye. I'm not done yet.

A black and white portrait of a young man with dark hair, wearing a light-colored suit jacket, a white shirt, and a dark tie with diagonal stripes. He is looking slightly to the right of the camera. The photo is mounted on a dark album page.A black and white portrait of a young man with dark, wavy hair, wearing a dark suit jacket, a light-colored shirt, and a dark tie. He is looking directly at the camera with a slight smile. The portrait is set within a white border.A black and white portrait of a young man in a military uniform, likely a pilot, with a dark cap and a light-colored jacket. This happy looking group of people is the award winning Production Drama class of EHS. They are posing on the Ahmanson stage in L.A. with Matthew Broderick and Robert Feyer, the artistic director of the Ahmanson theatre. Professionals from the Ahmanson theatre evaluated the nine regional winners of the SUEA competition at our annual festival at Occidental College and picked four especially impressive scenes. Each group received \$500.00 for qualifying. But our performance of three short scenes from *Scenes From American Life* was judged the best and we received another \$500.00 as a reward. This extraordinary opportunity was a first time occurrence at the Ahmanson and is a wonderful honor for us! Congratulations to the best drama dept. in southern California.

The Fine Arts Club better known as the ART CLUB consists of a group of students who share a special interest in fine arts. This year's art club attended many musicals, ballets, plays, and visited museums. They dined in various restaurants to experience new foods from other cultures. This year they also created a new film forum which showed classic and foreign films. The Art Club is not only for those who are artistically talented, but also for those who enjoy the fine arts.

Girls League

This years Girls' League has really lived up to the name of "Charity Club." For Thanksgiving we held a schoolwide food drive with a competition among the math classes. We collected over 900 cans and donated them to SOS (Share ourselves). For Christmas we adopted a family in Costa Mesa and supplied them with Christmas dinner and all their presents. Future activities include selling Val-O-Grams to make money for further donations.

The 1984-85 El Aguila Newspaper staff upheld Estancia's tradition of journalistic excellence. Under the direction of advisor Tom Moody, the staff continually provided the school with informative, entertaining and sometimes controversial articles. The El Aguila staff was guided by Editor in Chief Steven Bekemeyer during the first semester and Alan Cowan during the second semester.

Pep Club

Pep Club is a co-ed club which helps support the cheerleaders. Pep Club is mandatory for all people who are interested in trying out for Pep Squad. The advisor is Mrs. Ohlson. The president is Julie Duddridge.

SADD, Students Against Driving Drunk, is a new up and coming club taken very seriously by its members. These students are concerned with the hazards of driving drunk and are doing something about it. The advisor of SADD is Mr. Granite. The president is Julie Evans.

Ski Club

Ski Club 1987 This years ski trip was lead by co-president Stephan Van Doren and Sky Joyner, along with their advisor Mr. Adams. This year as in years past we took two big ski trips. The first trip was to Utah. There we stayed in Salt Lake City and skied the slopes of Alta, Park west, Solitude, and Park City. This was a very cold and exciting trip. Our second big trip was to Colorado. Here we skied five days at Purgatory. Most people thought this was a much better trip because of the better skiing conditions. If you missed us this year be sure to join us next year for some awesome skiing!

Speech Club

The 84-85 speech team did very well this year with Mrs. Wolfe leading the team. Many first year team members advanced quickly into the varsity level. The senior members showed off their knowledge by obtaining trophies at some tough competition.

Thespians

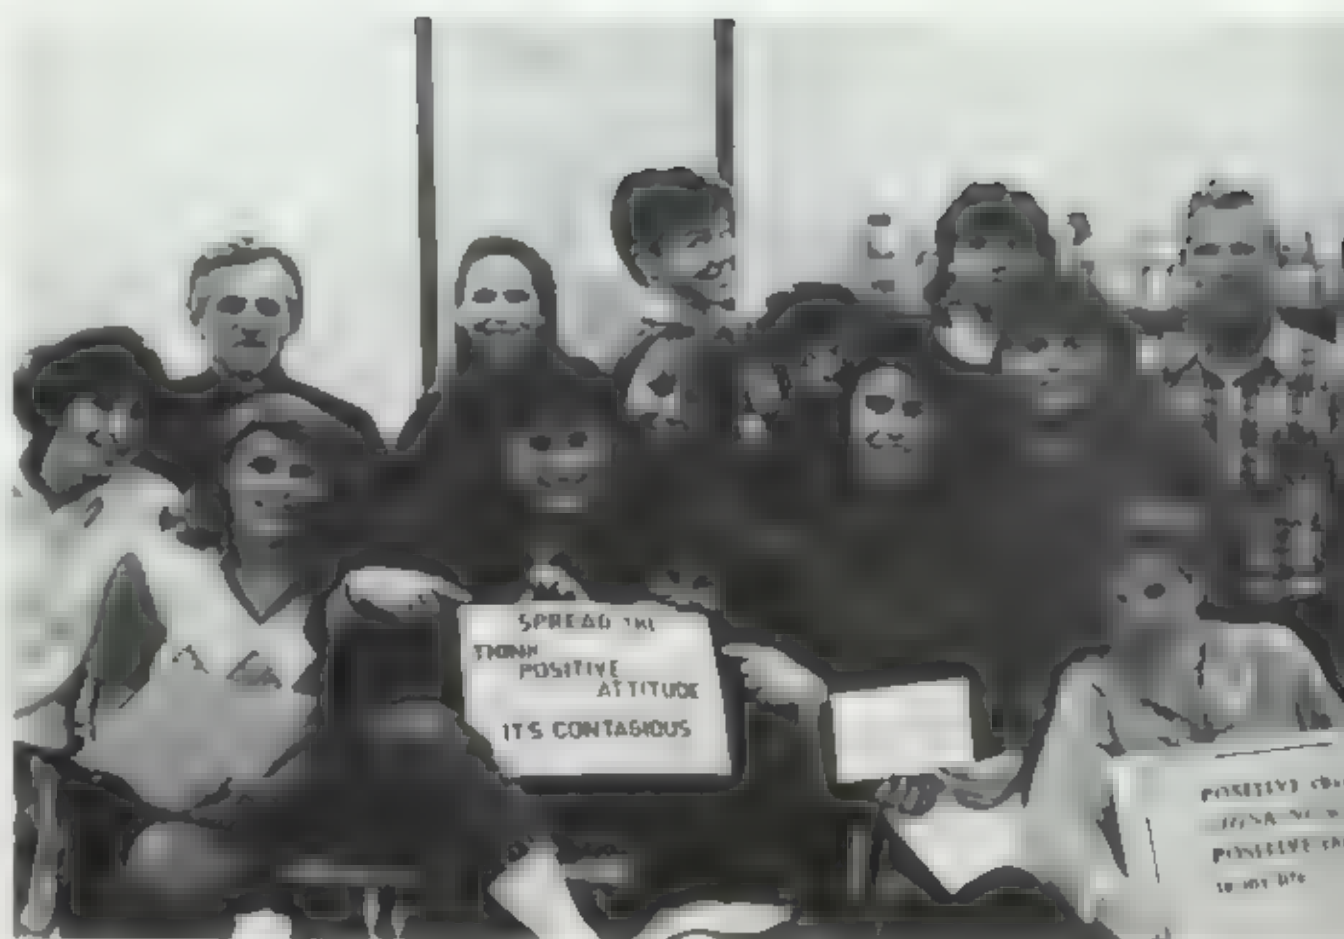

This has been a fantastic year for Thespian troupe 1224. They competed in the Southern California Education Theatre competition and recieved 7 awards for individual performances. Over Christmas vacation they took a trip to New York and saw exciting plays like "Cats." They were invited to perform excerpts from "Scenes From American Life" at the Ahman son Theatre on Jan. 22 where they received a \$300 award for excellence in high school theatre. As of this printing they are about to cast "The Wizard of Oz", their spring play.

Think Positive

The think positive club has a threefold goal for all students on our campus: developing a positive attitude toward school and life, setting and achieving personal goals, and developing success motivation in one's life. Positive motivational meetings and assemblies are conducted, an annual slogan writing contest is held, and club members plan/organize activities aimed at developing and maintaining a positive attitude within our students.

Varsity

The 1984-'85 Varsity Water Polo team had a great season this year. With coach John Carpenter leading the way, the team finished fifth in the Sea View League. Considering that the nations number one and two teams are their competitors, they did extremely well. What a bunch of studs!

Cross Country

This year's Cross Country season was a fair one. The team began it's hard work during the summer and continued it throughout the season. Estancia was ranked fifth in league until league finals where they failed in beating Newport and Laguna. Although they didn't succeed in the overall league standings, these hard working individuals improved themselves tremendously. They couldn't have done it without the help of Mr. Adams and Tony Barnes.

Bottom Row- Bill Hirsch, Steve Miller, Gary Grimm, David Walden, Eric DeBermitz, Alvin Daniels. Second Row- Chris Bube, Chris Storey, Greg Palmer, John Perry, Tom Hammond, Eric Scott. Top Row- Coach Adams, Chris Hein, Gene Gieseke, Kevin Pagat, John Perry, Tom McCarthy, Eric Webster, Tim Hammond, Assistant Coach Tony Barnes.

Girls Cross Country got a boost from freshman Mari Benavides who finished 10th in League Finals against the strength of CDM and 4A Champions Newport Harbor. Most Valuable Runner Dana Julie continued to improve during the season to bring her team to it's best finish in the league. Mari, Dana, and to other team members are hoping for more girls to participate in their to the top next year. Catch 'em in 8 '.

A black and white photograph of a woman standing in a room. She is wearing a light-colored, possibly white, dress or blouse with a dark belt or waistline. She is positioned in front of a large window that has a decorative, possibly wrought-iron, railing or frame. To the right of the woman, there is a lamp with a dark base and a light-colored shade. The room appears to be a study or a library, with bookshelves or a desk visible in the background. The overall tone of the photograph is somewhat somber due to the monochrome palette.

PRINCIPAL'S MESSAGE

Robert Francy

We have come together in many ways during the past year. We have met as teachers, counselors, administrators, parents and students as members of audiences cheering the accomplishments of others. We have shared the joys and elations of the successes of our athletic teams and we have felt pride in the artistic and Scholastic achievements of our school.

We have shared feelings of grief. We have laughed together and we have argued with one another. We have discovered the multiplicity of ways in which we are alike, and have accepted our differences without reservation. Perhaps most importantly, we have come to respect each other both for what we are ... and what we are not.

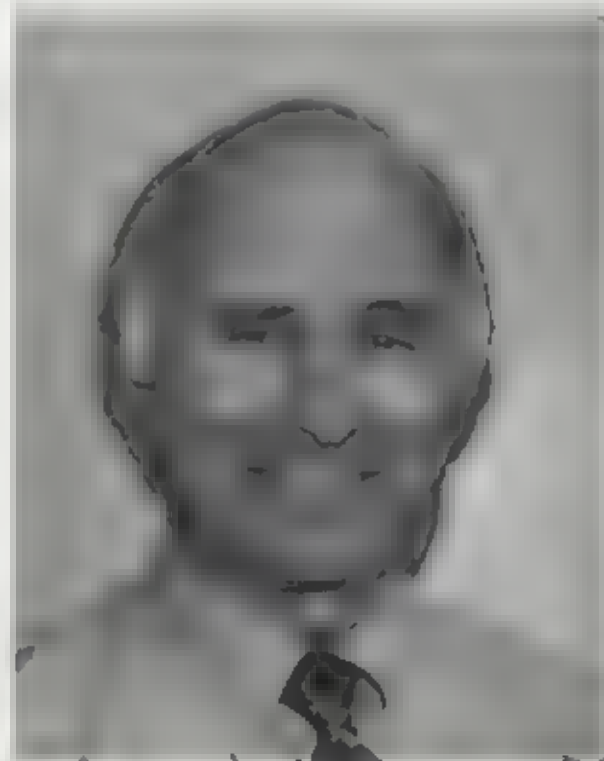

Whatever we have done during the past year, I believe we have acted with honesty. Good luck!

The musical score for 'The Rose Tree' is presented on ten staves. The first staff is the vocal line, starting with a treble clef and a key signature of one flat (B-flat). The melody is written in a simple, folk-like style. The subsequent staves are for the piano accompaniment, featuring a variety of rhythmic patterns and chords. The score includes a key signature change to two flats (B-flat and E-flat) in the middle section. The piece concludes with a final chord and a double bar line.

Avoid the rocking herd
Shun the painted flock
I've like that steel bird
The eagle of the rock

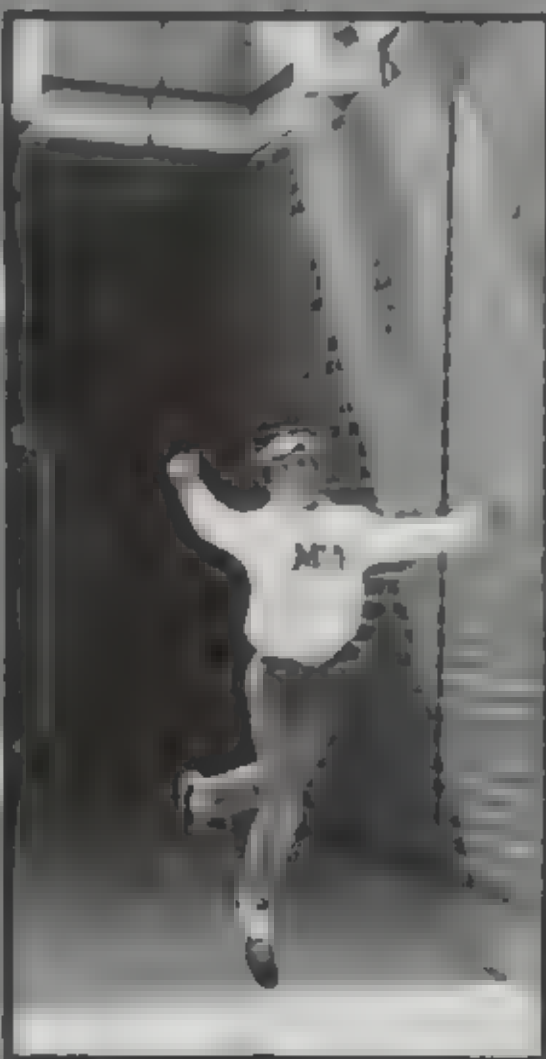

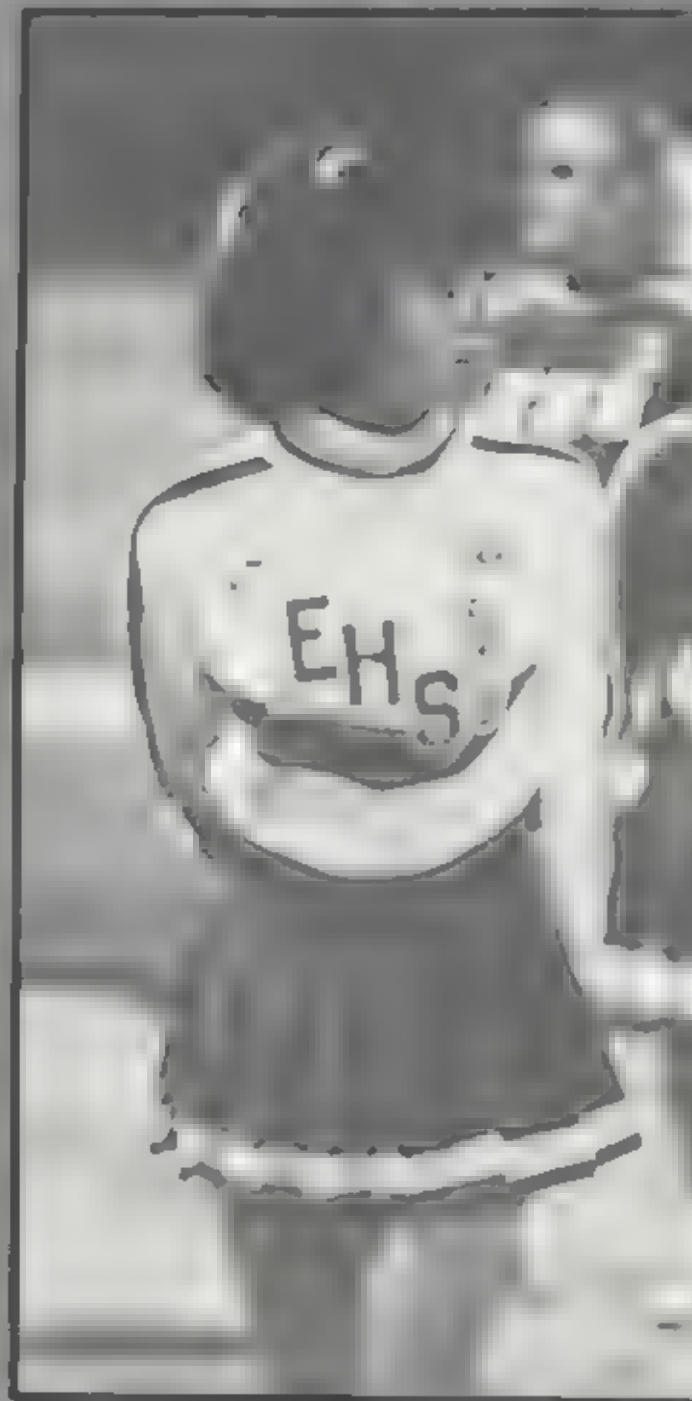

The huddled warmth of crowds
 Begets and testers hate
 He keeps above the clouds
 His evil inviolate

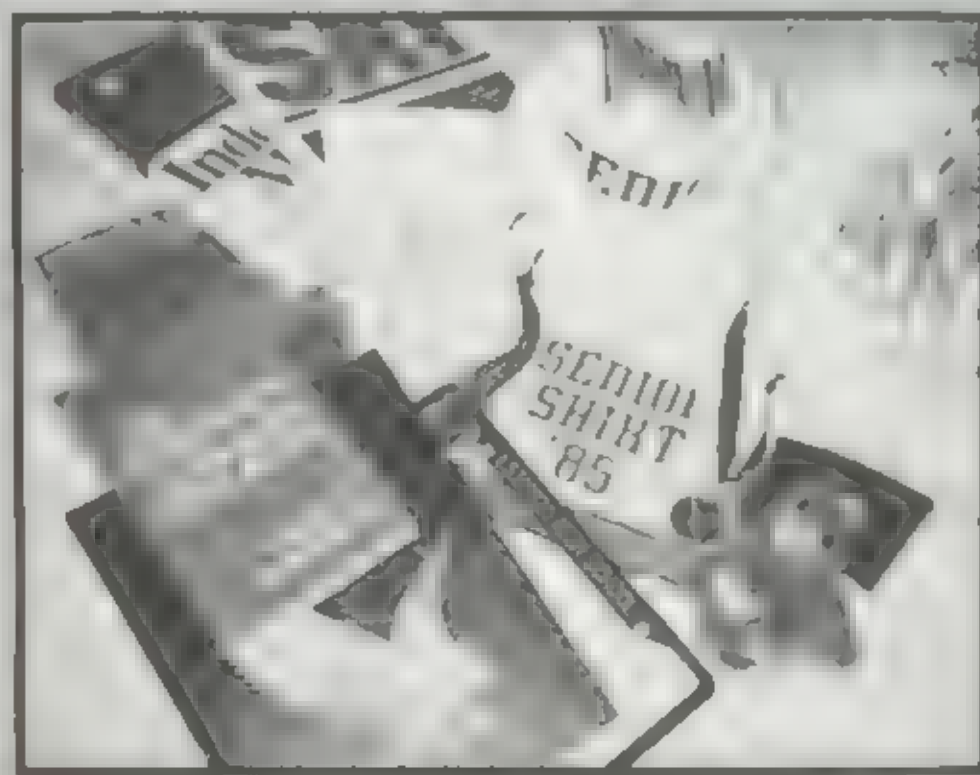

When the flocks are too hot
And birds to shelter run
He says, "Here's the storm"
He starts it to the sun

If in the eagle's track
Your sinews cannot leap,
Avoid the lathered pack,
Turn from the steaming
sheep."

1. The first step is to identify the key components of the system. This involves understanding the hardware and software involved, as well as the data flow and the roles of the various components.

2. The second step is to define the system's goals and objectives. This involves determining what the system is intended to achieve, and what the expected outcomes are.

3. The third step is to design the system architecture. This involves creating a high-level overview of the system, showing how the various components are connected and how they interact.

4. The fourth step is to develop the system's components. This involves creating the individual modules and sub-systems that make up the overall system.

5. The fifth step is to test the system. This involves running a series of tests to verify that the system is working as intended, and to identify any potential problems or bugs.

6. The sixth step is to deploy the system. This involves installing the system on the target hardware, and making it available to the users.

7. The seventh step is to maintain the system. This involves monitoring the system's performance, and making any necessary updates or repairs.

8. The eighth step is to evaluate the system. This involves assessing the system's overall performance, and determining whether it is meeting the original goals and objectives.

9. The ninth step is to document the system. This involves creating a comprehensive record of the system's design, development, and testing, which can be used for future reference.

10. The tenth step is to provide training and support. This involves helping the users to understand how to use the system, and providing any necessary assistance or guidance.
